

**Please Read Carefully:**

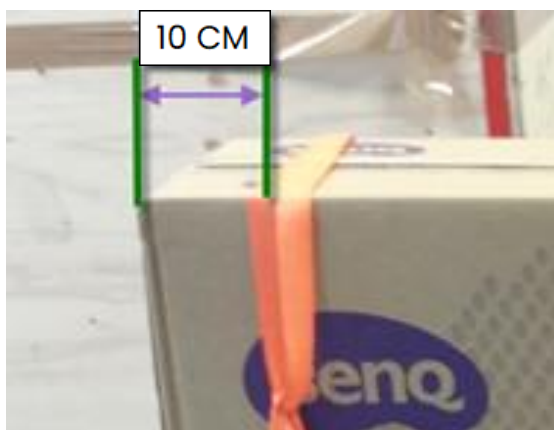

You have been provided with a replacement unit from BenQ. Please do **NOT** throw away the pallet and orange straps. These need to be reused for the safe return of the defective device. The return device must be packed safely.

**Please follow below packing instruction:**

1. Place the box in the middle of the pallet.

2. Put the straps on the sides of the box, 10 centimeters from the edge.

3. Pull the band through the lock mechanism and secure it.

4. As an extra security measure, please create a knot in the dangling part of the strap.

5. The device is now secured for transport.

**Thank you for packing the device safely.**
