## BenQ Wireless Presentation System

WDC10(C) / WDC30 / VS20 / TZY31

# Wireless Presentation System Opens Meeting Possibilities

With one simple connection, BenQ Wireless Presentation System frees space from cables, adapters, special networks, and apps. A simple tap of the button enables you to wirelessly share content from any device from anywhere in the room to any display.

## WDC10/10C InstaShow™ Easy-to-use

Requires zero learning curve, plugging right into your laptop and start sharing instantly. With no extra Wi-Fi infrastructure, WDC10/10C can be deployed for employees and visitors to enjoy simple and quick wireless presentations without setting up

## One-click wireless screen sharing for BenQ Displays

### TZY31 InstaShare Button Solution Share your next great idea

Not only compatible with Windows, macOS, and Chrome OS laptops, the TZY31 also works with InstaShare 2, a wireless screen-sharing software that lets up to 9 devices cast content simultaneously on your BenQ display.

To enhance collaboration with seamless content sharing, The InstaShare Button gets you complete control with a touchback, which enables users to control shared devices right from the display.
